

Susan A. Stark

Susie Stark is Director of the American Society of Nephrology's (ASN) Nephrologists Transforming Dialysis Safety Initiative. She began her work with ASN on July 1, 2016.

Prior to working with ASN, Ms. Stark was with the ESRD Network system since 1980. She was CEO of Network Strategies and Innovations and Executive Director of The Renal Network, Inc.

Ms. Stark was responsible for the performance of three ESRD Network contracts with the Centers for Medicare & Medicaid Services (CMS); Network 9, Network 10 and Network 12. She served on the Board of Directors of the National Forum of ESRD Networks and is Past-Chair of the Forum's Executive Director's Advisory Council.

Ms. Stark also directed the following projects for CMS: The National Clinical Performance Measures (CPM) Data Collection and Reporting Project, Development of Transplant Referral Clinical Performance Measures Project, Delivery of Dialysis Treatment in the Skilled Nursing Facility Project, Disparities in Admission to Dialysis Facilities Project and the ESRD Beneficiary Focused Learning Network.

She is a graduate of Purdue University.
